

Model

AN IMPRESSIVE CENTER PIECE

The Model 91 catalytic is our most popular selling wood stove. Used as a masonry fireplace or freestanding stove this unit accepts 22" logs. The 91 can heat up to 3,200 square feet with an impressive 10,400 - 62,745 BTU's per hour. Features include a factory-installed blower, high-efficiency heat exchange, ash removal tray and an over-sized glass door with an air wash system. Bay windows come in standard black (gold or pewter bay windows sold separately)
